

Rustic, Natural, Beautiful

Just west of Rapid City you will find a unique little community, founded by and named for six women who camped here in 1908. The name of this place is **Hisega**, and the spirit of these women, Helen, Ida, Sade, Ethel, Grace, and Ada, lives on at **Hisega Lodge**, located at the heart of the community.

Enjoy the serenity of times past, listen to the music of the stream, soak up some sunshine or relax by the warmth of the fire. From your own **private room**, with **private bath**, you'll walk onto

our covered porch, where you might want to spend hours just relaxing. And be sure to visit our dining room, where a **delicious breakfast** awaits you each morning.

If you're feeling energetic, you can hike, bike, tube or fish, and all the attractions of the beautiful Black Hills and the conveniences of Rapid City are a short and scenic drive from the lodge. With the lodge as your headquarters, a relaxing and fun vacation will surely follow. And if your vacation plans require that you be

plugged in, bring your laptop and take advantage of our **free wi-fi**.

We have **eight non-smoking guest rooms**, a large dining room for meals or meetings, three big fireplaces and a lovely library and great room. Feel the enchantment. Whether you stay a couple of days or a couple of weeks, a visit to Hisega Lodge will be an experience you won't forget.

We look forward to sharing Hisega with you.

Rooms available for \$99
Reserve the suite for \$129
Price includes full breakfast

Call for reservations.

Credit card number required for confirmation.

Rates may vary for special events.

We're centrally located and close to adventure and attractions.
